## **Seminar and workshop**

# **“Quality control on wood drying – first step for optimizing exploitation of wood resources**

Thursday 25. September 2008

Department of Wood Science and Technology, Rožna dolina, Cesta VIII/34, Si-1000 Ljubljana

## **PROGRAMM**

9.00 - 9.15 Welcome speech

9.15 – 9.55 Dr. Željko Gorišek, Department of Wood Science and Technology,  
Biotechnical Faculty

### **Methods of quality control and standardization on wood drying**

9.55 – 10.20 Mag. Aleš Straže, Department of Wood Science and Technology, Biotechnical  
Faculty

### **Quality control and assessment of drying process**

10.20 – 11.15 Dr. Stjepan Pervan, Wood Technology Department, Faculty of Forestry,  
University of Zagreb

### **Positive and negative practical experience on maintenance of kiln dryers**

#### Workshop

11.15 – 11.35 Demonstration on new experimental kiln dryer – possibilities for new research  
work (*Laboratory for wood drying*).

11.55 – 12.50 Importance of accurate determination of wood moisture content (*predavalnica*).

12.50 – 13.15 Determination of drying stresses before, during and after drying process  
(*Laboratory for wood drying*).

13.15 – 13.45 Assessment of drying equipment, drying process and wood quality during drying  
(*Laboratory for wood drying*)..

13.45 – 14.00 **Results and discussion**
